

app, WeChat. Students receive real-time, local support from the palm of their hand.

What is WeChat?

WeChat is the dominant mobile text and voice messaging app in China, available on Android, iPhone, BlackBerry, Windows, and Symbian phones. Using WeChat, students can scan the QR code on fywire.com/contact to begin communicating with our support team. WeChat offers students a convenient, free, and easy way to ask questions and resolve issues.

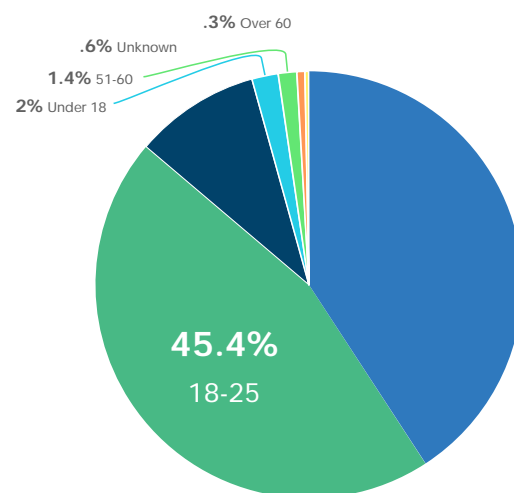

Student Benefits

WeChat Features
